

1992 SAWMILL

FATAL

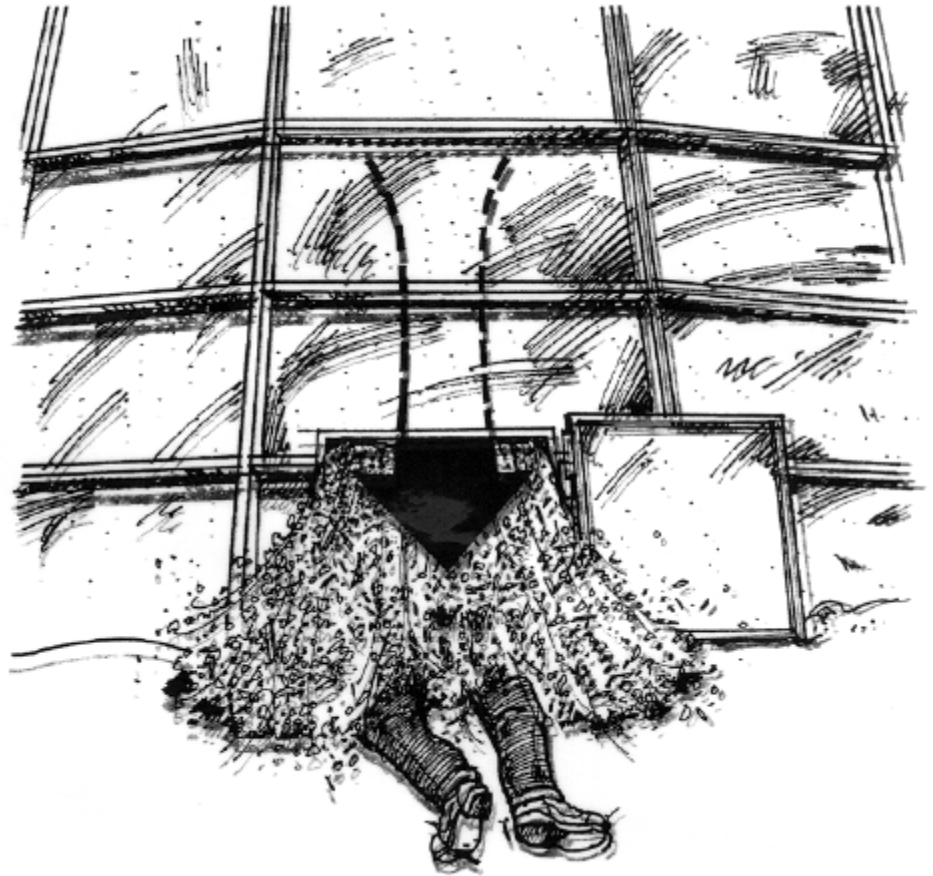

WORKERS'
COMPENSATION
BOARD
OF BRITISH
COLUMBIA

SAWMILL SUPERVISOR

POSTER # Sawmill 92-02

AGE: 30 EXPERIENCE: 10 YEARS AREA: CENTRAL B.C.

The worker was last seen walking around a beehive burner. He apparently opened a small door at the back of the burner to look inside, when he was engulfed by an avalanche of shavings. His body was not discovered until approximately 24 hours later.

**SAFE
WORK
PRACTICE**

EMPLOYERS:

Provide written safe work procedures where workers must work in or around confined spaces. Ensure that workers receive adequate instructions on how to safely perform their duties.

WORKERS:

You must follow all safe work procedures and use personal protective equipment when necessary.
